THE MOST PERFECTLY PLANNED COMMUNITY IN AMERICA!

Levittown

PENNSYLVANIA

IN FAMOUS, picturesque Bucks County a new Levittown is rising. All the resources, all the experience, all the talent of the world's greatest community builders—Levitt and Sons, Inc.—have been marshaled to make it the finest town in the United States!

Everything that made Levittown, Long Island, internationally famous will be here—but much better. Swimming pools, athletic fields, baseball diamonds (for the Big Boys and the Little Leaguers), playgrounds, the town community hall—have all been carefully and conveniently located.

Road layouts have been planned so that no child crosses a main road to reach school. Wide, parked boulevards crisscross the town to make every house easy to reach. Even street names have been keyed to make sense. For instance, Sweetbriar Lane (and any road beginning with "S") is in the Stonybrook section.

Small neighborhood shopping centers will be located within walking distance of every home. A vast, almost-mile-long mammoth shopping center will be erected on Bristol Pike (Route 13). Large church sites will be dedicated without charge to all denominations. In consultation with the proper authorities ground has been set aside for elementary, junior high, and high schools.

A new station—Levittown—will be built on the main line of the Pennsylvania Railroad. Fast commuting trains will make the run to Broad Street, Philadelphia, in little more than half an hour.

Elsewhere in this booklet you will see pictures of the homes to be built, but you can see the houses themselves at the Exhibit Center on Route 13. Go into the Display Building and see everything—every nail, every bolt, every last item of equipment—that goes into their construction.

And always remember that every house, every road, every facility has been planned and planned and planned. This is *NOT* “defense housing”! True, a great many of Levittown’s residents may earn their livings in defense industries, but Levittown is permanent and, God willing, will grow and live on long after the word “defense” has been forgotten!

A WORD ABOUT DOWN PAYMENTS

DOWN PAYMENTS vary depending on the purchaser's status. This is not arbitrary on the part of Levitt and Sons. The Government has set down certain terms for veterans, non-veterans, defense workers, and non-defense workers. It has even designated certain plants by actual name as defense industries, and only people in those companies qualify as defense workers. If there is any doubt as to which applies to you the representative in the Display Building will be glad to help.

Applications for all types of homes must be accompanied by a deposit of \$100, and must be made *IN PERSON*. This deposit is refundable on request at any time *until* a contract is signed. After that, no refunds will be made.

Corners are \$500 additional on the Levittowner and \$1000 additional on the Country Clubber.
